2018 AWARDS PROPOSAL INFORMATION

UTMB HEALTH—THE COMMUNITY AND BEYOND: WORKING TOGETHER FOR OUR FUTURE

The President's Cabinet Awards Committee seeks proposals for the 2018 President's Cabinet Awards. The theme of this year's awards is *UTMB Health—The Community and Beyond: Working Together for Our Future*. This theme explicitly recognizes the shared interest of the university, the surrounding community and beyond, in promoting a vibrant and supportive environment. This environment is enriched by those systems, protocols and partnerships that put the people UTMB Health serves first, promotes outreach, education and improved patient care. Projects that mobilize the creativity, ingenuity, and dedication of the students, staff, and faculty of UTMB Health are especially encouraged.

PROPOSAL GUIDELINES

Any proposal that does not follow the instructions and page limits will not be considered.

- Proposals may be submitted by any member of the UTMB Health faculty or staff. Students may submit with a faculty sponsor.
- Applicants are also encouraged to work in collaboration with a community organization on a project or program.
- Proposals from investigators for programs that previously received President's Cabinet Award funding should represent substantial innovation rather than requests for ongoing funding or simple expansion of existing programs.
- The proposal must be made in writing, following the attached format.
- Proposals must be received by 4:30 p.m., May 25, 2018.
- Applicants may be contacted for further information.
- Maximum award is: \$50,000.
- Estimated number of awards given: 4–6.

Funding is for one year. Proposals requesting funding for two years will be considered if the total funding requirement does not exceed \$50,000. Two-year grants will be reviewed after completion of the first year before remaining money is awarded.
